THIS IS UNEVALUATED INFORMATION

25X1

1. Vysoke Myto Airfield N 49-56, E 16-117 was located four kilometers southeast of the center of Vysoke Myto, adjacent to and west of a road Overlay, Pt. 27, and one kilometer west of a railroad Overlay, Pt. 37. The field formed an irregular rectangle 800 m. northwest to southeast and 500 m. northeast to southwest. It had a level grass surface, natural drainage, was 300 m. above sea level, and could not be extended because of woods located adjacent to and north of it, a road located south of it, and a residential district on the east. Obstructions consisted of trees 15 to 20 m. high just north of the field and buildings approximately one kilometer southeast of the field.
2. The airfield had one level grass runway 800 m. northwest to southeast and 150 m. wide. A hangar was located on the northwest side of the field. no aircraft on this airfield or in the air in the vicinity of it. The airfield was under the control of civilians of the Doslet organization.
